### TEAM SPIRIT

“This group had such a high commitment level right from the start. They also had this awesome communal spirit where they agreed that they’d have each other’s backs and work together to succeed. The outcomes have been incredible, with average hourly wages going from \$5.76 before Climb to \$15.25 in job placements that really highlight their personalities and skills.”

— **Lauren Conrad, Teton Area Program Director**

**“When I came to Climb, I was waitressing almost every night of the week and had no time to be with my son. My Climb job placement has provided me with a higher wage, full benefits, and evenings free to be with my son. I couldn’t be happier with this change I have made in my life and in my son’s.”** – **Karina, Program Participant**
