

GILLETTE PROGRAM REPORT

COMMERCIAL TRUCK DRIVING (CDL)

SUMMER 2019

Climb

W Y O M I N G

BUILDING STABILITY IN LIFE

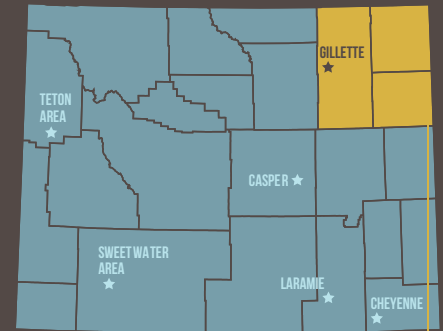

“When these moms came to Climb, they were working so hard and yet still struggling to make ends meet for their families. With determination, they dove into the training, learning a new vocabulary in mechanics and pages and pages of truck parts.

**“Every day is better since Climb!
I am living and enjoying life now
instead of just existing.”**

— Melissa, Program Participant

Now, as they settle into new careers, a feeling of normalcy has been restored to their lives. This stability positively impacts their children and also benefits our community as a whole.”

— Jamie Marchetti, Gillette Program Director

10 MOMS & 12 CHILDREN
served in the program
